## WHAT WE BRING TO THE TABLE

Our teams create agile menus that easily transition between service styles, from cocktail parties with hors d'oeuvres and specialized stations to themed buffet dinners, family-style dining and formal sit-down meals.

### MENU DEVELOPMENT

A la minute. Made-to-order. We provide flexible and delicious menus to meet your needs. Our depth of resources and collaborative approach ensures that any size or type of event will exceed your expectations.

### SERVICE FLOW CONSULTING

Our catering knowledge guarantees we can deliver the right experience for your guests. Our team can provide consultation on service flow, from how buffet stations are composed, to the type of serving dishes utilized, to the food items offered at each station.

### TALENT AND TRAINING

The drive to constantly evolve is central to our culture. Our team members are well-versed in hospitality, food and beverage education and are backed by chefs who have undergone extensive training and proven their capabilities.

### SOURCING

Our purchasing heavily features local produce and dairy. Our guiding principle is to use the best possible ingredients; collaborative and supportive relationships with farmers and suppliers are the cornerstone.
